The City has received multiple complaints due to dogs barking on your property during both the day and night disturbing passersby and neighbors.

The City Code states: "A dog is a nuisance if it howls or barks in such a manner as to deprive a person of peace and quiet." City Code 5-3-4. RE: Notice of Violation

Hello Council Members,

We currently are protesting the order of abate. First in that we are in our rights (Right to Farm Act) to have the dogs we do to protect our livestock. These dogs are exempt, being the fact, they are Livestock Guarding dogs. We have not had any loss of life since we started using these guarding dogs. Prior to doing so we have had losses to coyotes, cougar, and domestic dogs. These LGDs are part of our farming practices. Yes, they bark, that is their first defense of warning off predators. Predatory animals do not have a schedule with which to "attack", invade or hunt. Thus, giving to the hrs. of "barking". With the zoning of our property, we were allowed to do as we do. The case studies that were presented to allot you to fine us has no merit, it was reversed.

We do not deny that the LGDs have gone more on the defense with the RV park that now stands adjacent to our property. predators do not always walk in all fours. With Increased River traffic & river edge traffic, displacement of wildlife these LGDs have increased their protection.

We do understand that there is a great benefit to the City of Clatskanie in having the RV park now in place. It is a welcome growth benefit. These benefits are blessings to the local businesses, city government and travelers through this community.

That is why we have been working on abating the "nuisance" since we became aware that it shifted into a problem. We are more so asking for time, not so as much for the denying of a problem but for remedying it. We have contacted 11 rescue agencies within the United States, the state Humane Society, county Humane Society. None of them have room. We have gone as far as to ask our veterinarian to euthanize.

So please give us the time. We have a promising home destination for these dogs. On 10/28/23 or 10/29/23 we will be transporting these dogs to Port Angelas Washington unless the contact person back out.

Thank you
Marcia Kahut-Sloan
